Wage: \$8-14  
Other: International Drivers License Required + Must Be Able to Lift 50 Lbs

## GET FAMILIARIZED

Winter Park Honey was created 5 years ago and has grown steadily ever since. Please check out the website and online store to see Winter Park Honey's many products. Also, check out in the 'honey in the news' section. There are many articles and live broadcasts about Winter Park Honey. We create the finest honey in the world! Every time we enter a honey contest we win first place. Many of our customers take our honey for medicinal purposes. So, selling the honey provides a great service that is hugely appreciated by our loyal, steadily growing customer base.

## HOUSING

Housing arrangements: Apartment in owners house OR find accommodations on own  
Type: Single Family House RENT: 400 + Utilities  
Space sharing: Intern has full access to the kitchen, refrigerator, etc. Meals may be prepared with the owners in an effort to reduce costs. The house is in 2 parts. We live in one part and the other part (with full kitchen, etc.) is available for their use. The home is located on a beautiful, and the yard is a registered 2 acre wildlife habitat. We have 2 dogs and 5 cats. Intern must love animals and wildlife. While the cats and dogs generally do not spend time in the part of the house the student will be in, they may occasionally show up their by accident.

## Additional Info

The internship will be helping us with our honey business. They will learn and participate in every aspect of our business, with a focus on Sales and Marketing. Intern will be responsible (once they've been trained) for answering the phone and discussing our products with customer. They will take orders over the phone and enter orders into our database using Quickbooks and EXCEL. They will pack and ship the orders. They will take the honey to the market and sell the honey on an as needed basis. They will learn about honeybees and may spend a little time in our Apiary working the bees. They will help with bottling the honey on an as needed basis. They will help us optimize our internet sales.

Winter Park sells honey in Colorado. Intern would have the option to travel with staff for a 3 month semi-vacation in Colorado. During the stay in Colorado, intern would not be employed full-time (if they chose to come). They would work part-time selling honey at the Colorado Farmer's market. Potential for income would be good because the summer markets in Colorado are large-scale; Intern would be paid an hourly rate plus commission.
